Press Release

Delta Autocorp Limited (Deltic) Strengthens Retail Presence with Third Company-Owned Showroom in Dhanbad, Jharkhand

Delta Autocorp Limited (Deltic), one of India's leading electric mobility companies, has further strengthened its retail footprint with the inauguration of its **third Company-Owned, Company-Operated (COCO) showroom** in **Dhanbad, Jharkhand**.

Launched strategically ahead of the festive season to capture the strong market momentum of **Durga Puja, Diwali, and Chhath Puja**, the new outlet reinforces Deltic's commitment to its direct-to-customer retail strategy and to delivering a seamless, high-quality electric mobility experience.

Following the successful operations of its COCO outlets in **Mihijham (Jharkhand)** and **New Delhi**, the Dhanbad showroom marks another milestone in Deltic's pan-India retail expansion journey.

Strategically located in one of the most premium and accessible areas of Dhanbad, the new showroom offers excellent visibility and convenience to both urban and suburban customers. The outlet has already witnessed strong interest from consumers across Dhanbad and nearby regions, reflecting **rising confidence in electric mobility** and in Deltic's expanding product portfolio.

The Dhanbad outlet showcases **Deltic's complete range of electric scooters, and three-wheelers**, offering customers immersive product experiences, personalized consultations, and hands-on demonstrations. It has also been designed as a **model retail format** for future company-operated and dealer-operated outlets — ensuring **standardized brand experience, operational excellence, and superior service delivery** across the network.

This addition strengthens Deltic's presence in a key growth region and is a part of the company's **broader retail expansion roadmap**, which focuses on enhancing accessibility through a balanced mix of company-owned and dealer-operated showrooms in major urban and semi-urban markets across India.

By expanding its company-operated network, Deltic not only aims to boost sales and strengthen brand presence but also gain **direct consumer insights** — enabling the company

to better understand evolving customer preferences and continuously refine its product and service offerings.

With this milestone, Deltic continues to drive its mission of building a **robust, customer-centric EV ecosystem** and promoting **clean, efficient, and sustainable mobility solutions** across India.
